### Wellness Screening Tool

**Do You or a Loved One Need Help?**

As we continue to practice physical distancing and self-isolation to protect ourselves and others from COVID-19, we become more susceptible to mental health issues. We need to stay connected and do our best to address those issues. If you or a loved one is struggling, Ashley can help. Below are some of the most prevalent mental health challenges we’re facing and some questions you can ask to help identify what you or your loved one is facing.

*When you reach out to our highly knowledgeable staff, they will make sure you or your loved one get the help you need.*

**SUBSTANCE USE DISORDER**
- Are you having trouble controlling your drinking or substance use?
- Is drinking or drug use having a negative impact on your life?
- Have you tried unsuccessfully to stop drinking or using?
- If you try to stop, do you experience any of these withdrawal symptoms? (shaking, sweating, anxiety, heart palpitations, hallucinations/delusions)

**POST-TRAUMATIC STRESS DISORDER**
- Do you have flashbacks to the event that caused the trauma?
- Do you experience emotional distress after exposure to traumatic reminders?
