

MONTH OF MAE

To honor our Co-Founder Mae Abraham, we proclaim May the “Month of Mae.” Mae Abraham was a pioneer and a true force in the addiction treatment field. Her selfless service, her determination never to give up and her absolute devotion to our patients and their recovery are only some of her many admirable traits. Mae Abraham was the backbone of Ashley as we know it and her energy and dedication continue to inspire our actions.

Please join us for some of the events we have planned throughout this month.
